

The Dice Family Church Planting Missionaries in New York City

Dear Churches and Praying Friends,

December 22, 2011

As we celebrate the wonderful birth of One that has truly changed the wonderful year in 2011! It is God who will, wherever our address may be. We who lifts us up to God's throne. Our moment, which stirs us to prayerfully

saved that night! We have had good attendance in services in November. Several new visitors have been coming: Anne from Jamaica, Olou from Nigeria, Miss White from Guyana, and Leo from China. These have been coming very consistently. Earlier this year Pastor and Mrs. Blackman came to visit family here in New York. They minister in the southern part of Trinidad. Mrs. Blackman invited her brother, Neal. Neal and his daughter, Nicole, have been coming since that time. Nicole, who is 11, had never heard the gospel or that she is a sinner. I witnessed to her earlier this fall, but she did not comprehend these things. They have continued to come, and in November, Jon Pierre, a man who is over our Children's Church, led her to Christ! Since then her grandfather, Daniel, has started coming to our church. We have been knocking doors most every Saturday this fall, and a couple of times have distributed tracts. We had some mass distribution around Thanksgiving. We are grateful for the help and ministry of Warren Garaway, who comes each year in November. He and I hit the streets and subway numerous times. It certainly seems that people are getting harder, but God's Word still penetrates the heart. Pray with us for the thousands of lost souls that have received tracts, and those that have had heard the gospel! I am teaching one Institute class to seven people this fall. It is an Evangelism course, and it has been very helpful. These seven people are those who have already gone through the ABC's of Christian Growth, and are now in college level Bible courses. We had a nice Christmas Program last week with our teens and children. We had several first time visitors
