Dear Shipmates,

Thank you for holding the ropes.

Today marks our 44th wedding anniversary. We thank the LORD for the years we have been together in the work of God. Through thick and thin, Norma has been by my side encouraging me.

Norma was in an auto accident which totaled our van. The blessing is she walked away without a scratch, but a little sore in body.

Ken Kraich, Seaport Ministries, has graciously loaned us the ministry van for as long as we need.

Please make it a matter of prayer that we get the vehicle that is needed for the ministry and provision for it.

Another prayer request is for retired tugboat Captain Joe Tucker. He has cancer and needs the Saviour.
