

Hoot Family News

September-October 2018

To our dear friends,

We are forever grateful for your faithful prayers and support. We pray that all is going well for you. It is going great here and God is really blessing.

The ministry is going well. We haven't seen a lot of salvations the past couple of months but we have seen many who are saved seeking the Lord's will in their lives. It is a sad state for many people these days. Many go to church and have no knowledge of salvation and after salvation no knowledge of how to live their lives for Christ. It's embarrassing of the questions I have been asked of how to live your life for Christ this past year. From what the questions have pertained to it seems that the world has pulled farther away from Christ. As you well remember, I was not raised in a Christian home but we still had a basic knowledge of right and wrong. Today the world has drifted so far from Christ that it's like the book of Judges where every man did what was right in his own eyes. The other day while out on visitation, I spent hours with a man who I truly believe is saved but has no knowledge of what the Bible says about living a Godly life. He wants a church started in Lafayette so he can hear more preaching. He said that wherever we went he'd go as well as many others who have expressed an interest in a church there. This man had tears in his eyes when he told me he never knew what he was to do after salvation. I explained to him that there is more than just getting saved and that we are to live a holy life that points others to Christ. I explained that man is to glorify God after salvation. So many people need to know that there is more than just going to heaven. It might sound like an exaggeration but he begged me to preach to him more after I had spent hours sharing the Bible with him. Please pray we can get something grounded here in Lafayette. There are many souls here that need salvation as well as guidance in God's Word. I have discovered that our great country needs more churches than ever before. Please pray we get one started here and not just home bible studies.

Recently we were able to go and present the work at Victory Baptist Church in Crossville, TN. Pastor Bob Schoolfield is a great pastor whom I consider a good friend. We certainly need more churches like this.

The family is doing fine. Katie and Joe are about to get on the insulin pump as we have asked you to pray for many times. This will help take a burden off of us and benefit their health tremendously. I would like you to pray for me. I am completely exhausted and have excruciating back pain.

God has truly been good to the Hoot family and our greatest praise is that our oldest grandson Tyler accepted the Lord as his savior! Thank you so much for your prayers! We pray for you daily and will continue to do so.

Your servant in Christ,

Aaron Hoot
